

## Get Low and Go Lyrics

If there's smoke in the house, uh oh, there's one thing that you should know, should know.  
If there's fire or smoke, you know, that's no time to be slow, be slow.

Get down on your hands and knees, so you can be under the smoke, under the smoke.  
Get low just like a mouse, then crawl out of the house.  
Don't be a slow poke.

Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.

See the smoke from the fire?  
It usually stays higher, that's what getting low is all about.  
If things get fiery or smoky, that's no time to be pokey.  
So get low and go and then stay out.

Get down on your hands and knees, so you can be under the smoke, under the smoke.  
Get low just like a mouse, then crawl out of the house.  
Don't be a slow poke.

Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go.  
Get low and go. And go.
