

Welcome to the BeFireSafe Colouring Book!

Come and meet your new friends!

Mike is teaching Scarlett his home escape plan.

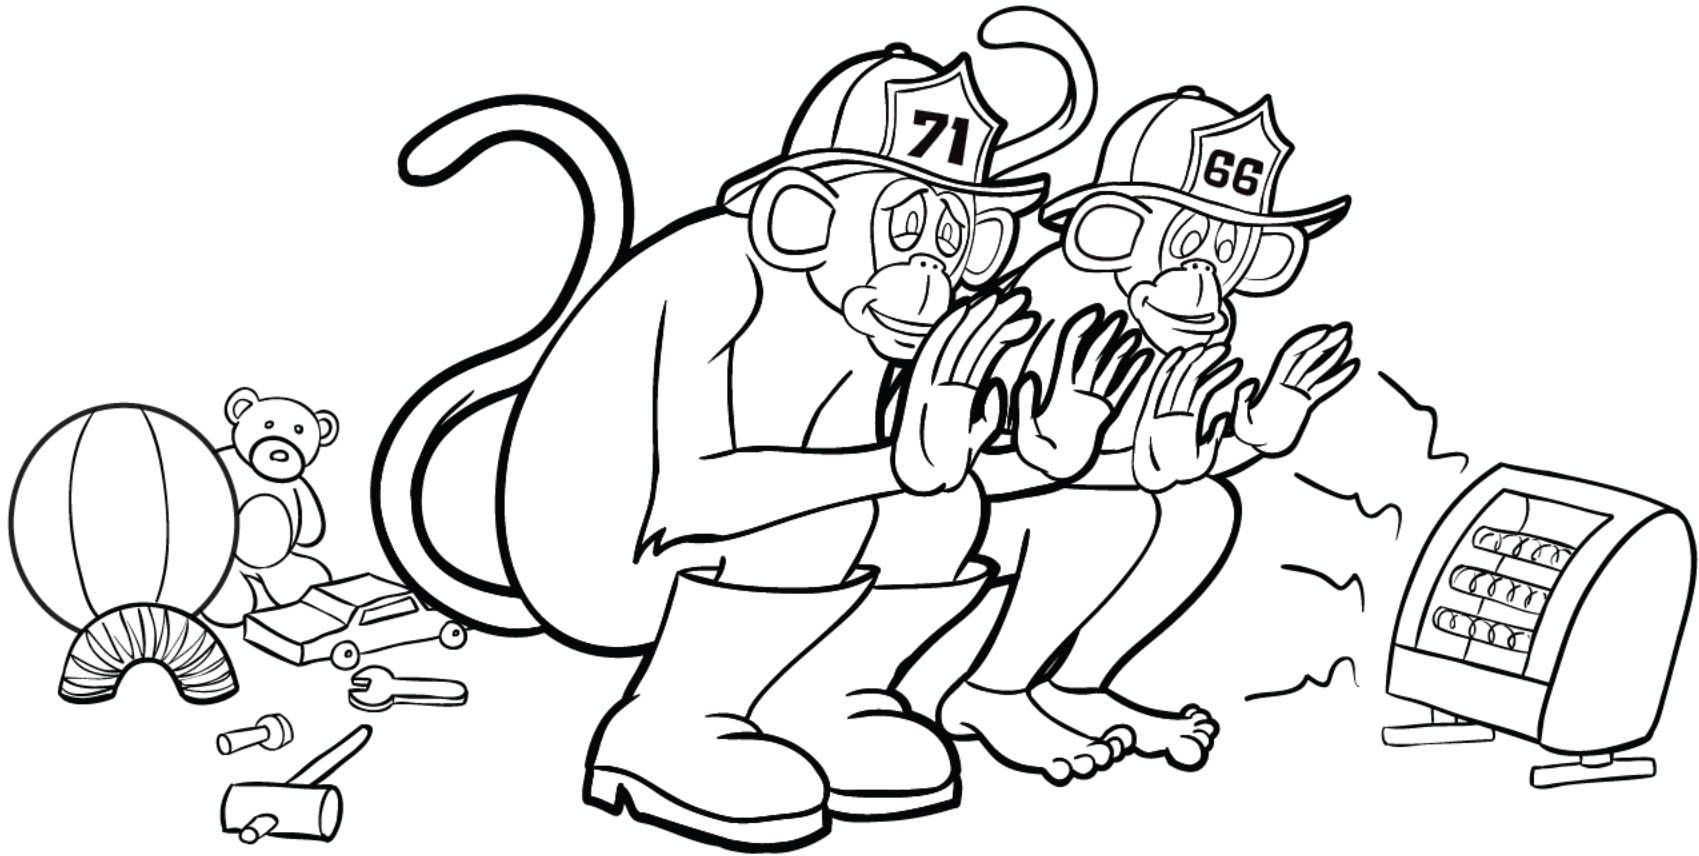

An escape plan is an important part of home fire safety!

Do you have an escape plan for your home?

Space Heaters are a great way to keep warm in the winter.

Before Mark and Eli gather around to warm up,
they always make sure there are no toys or clothes in front of it!

**If you see fire or smoke, get out and stay out
until an adult says it's safe!**

**Remember to avoid the smoke!
Walk away from it if you can and crawl under it if you must!**

**Fireworks are pretty from a distance,
but you always have to be careful near them!**

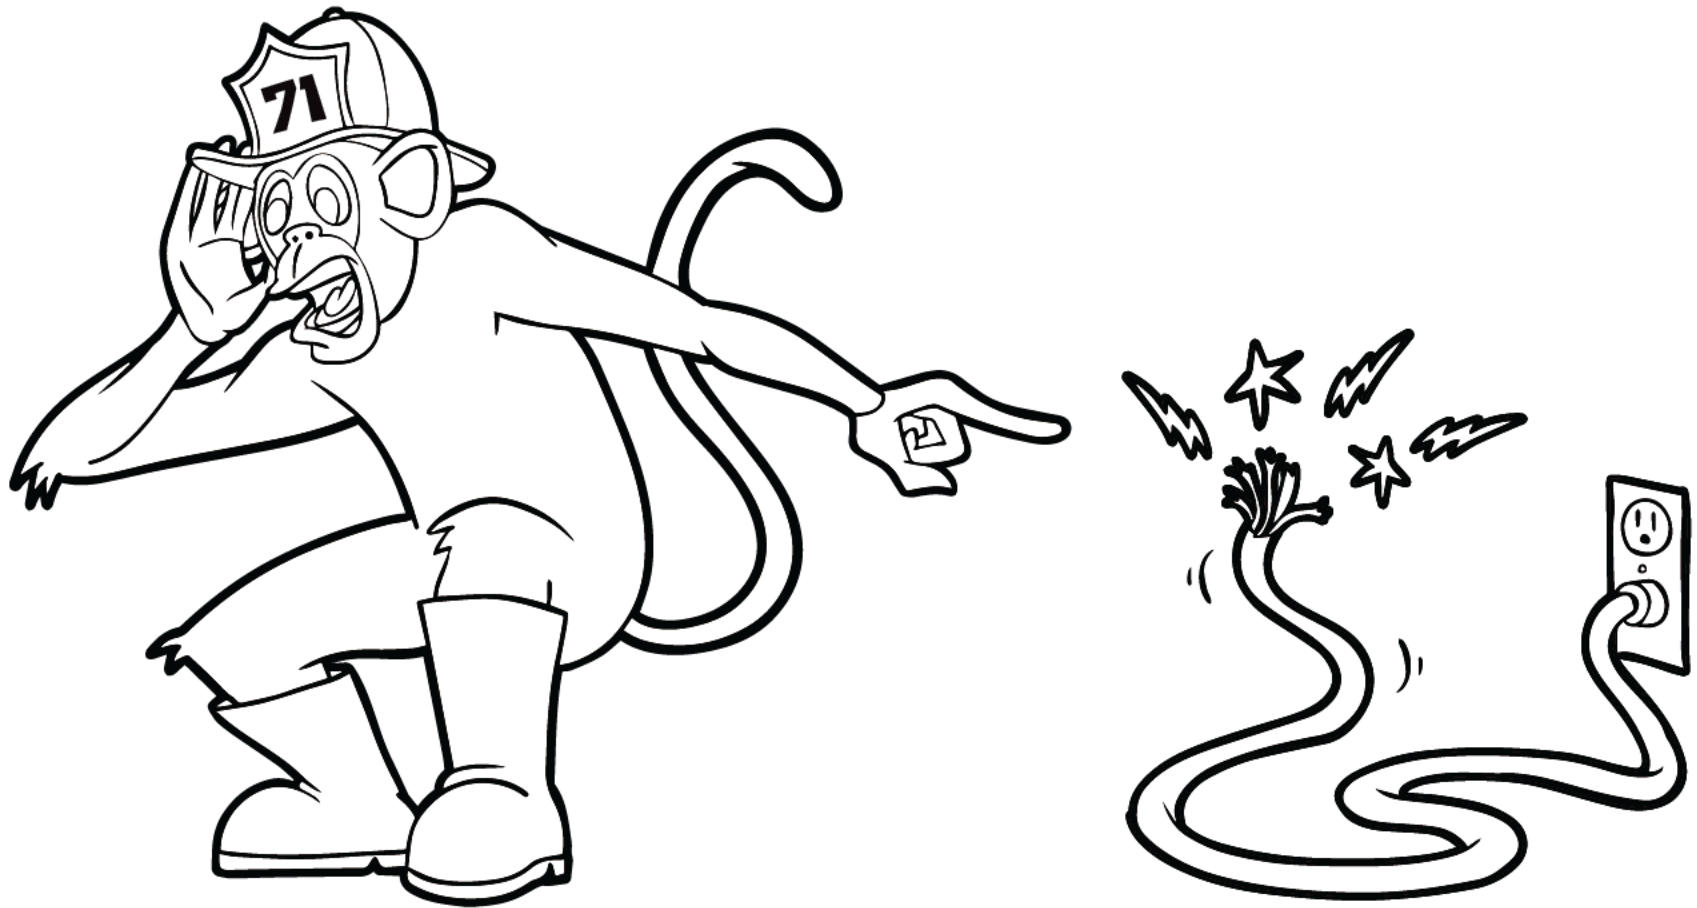

Even sparklers are super hot, and can stay hot after they've burnt out!

Oh no! Mark's found an electrical hazard!

Any frayed wires, sparky outlets, or droopy plugs can be dangerous.

If you spot any around your home, tell an adult!

Scarlett puts out a small fire.

Always be careful around fires of any size!

If you're not 100% sure that a fire is under control, get out right away!

Uh-oh! James has a burn!

It's okay, though; Mike and Scarlett are running it under cool water.

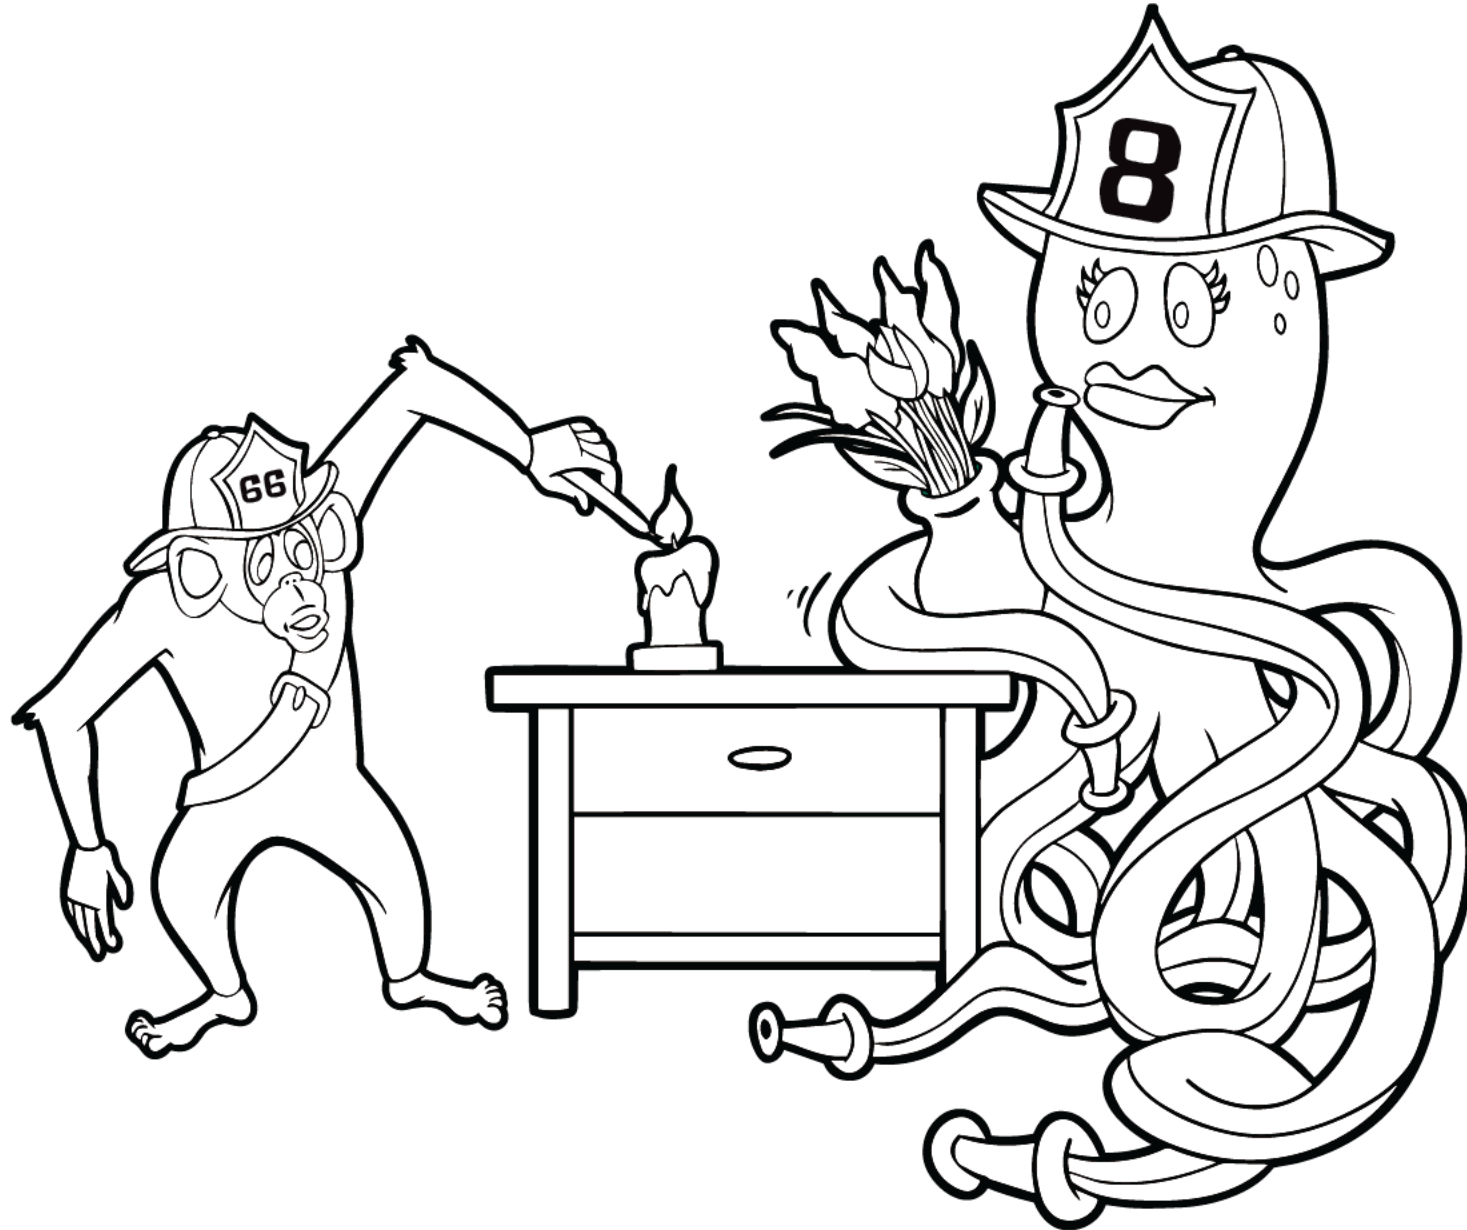

James will be feeling better in no time!

Candle flame might be small, but it's still fire!

Eli is very careful when lighting it, and Scarlett is making sure the area is clear.

Never let someone light a candle that's next to flowers or drapes!

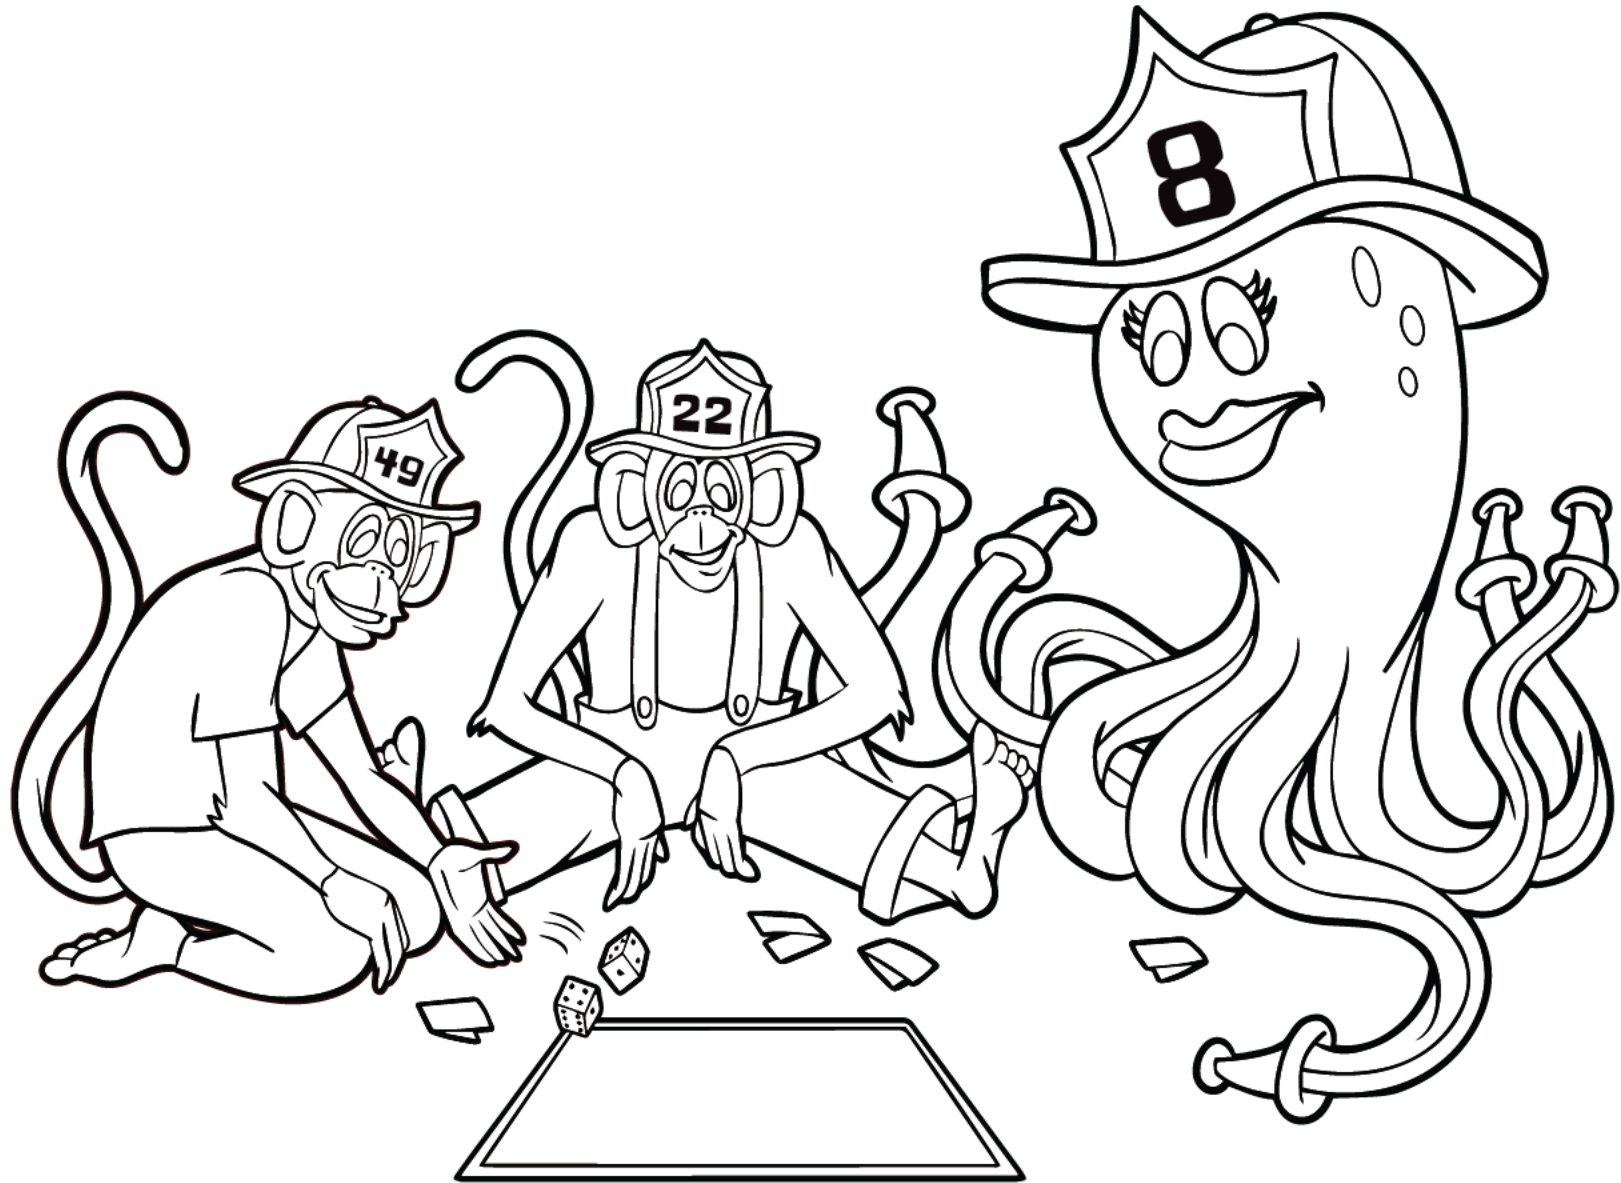

A storm is rolling in!

The monkey kids are in a tizzy, but Scarlett knows just what to do:
If you're caught outside in a storm, always take shelter in a house or a car!

Even firefighters have down-time!

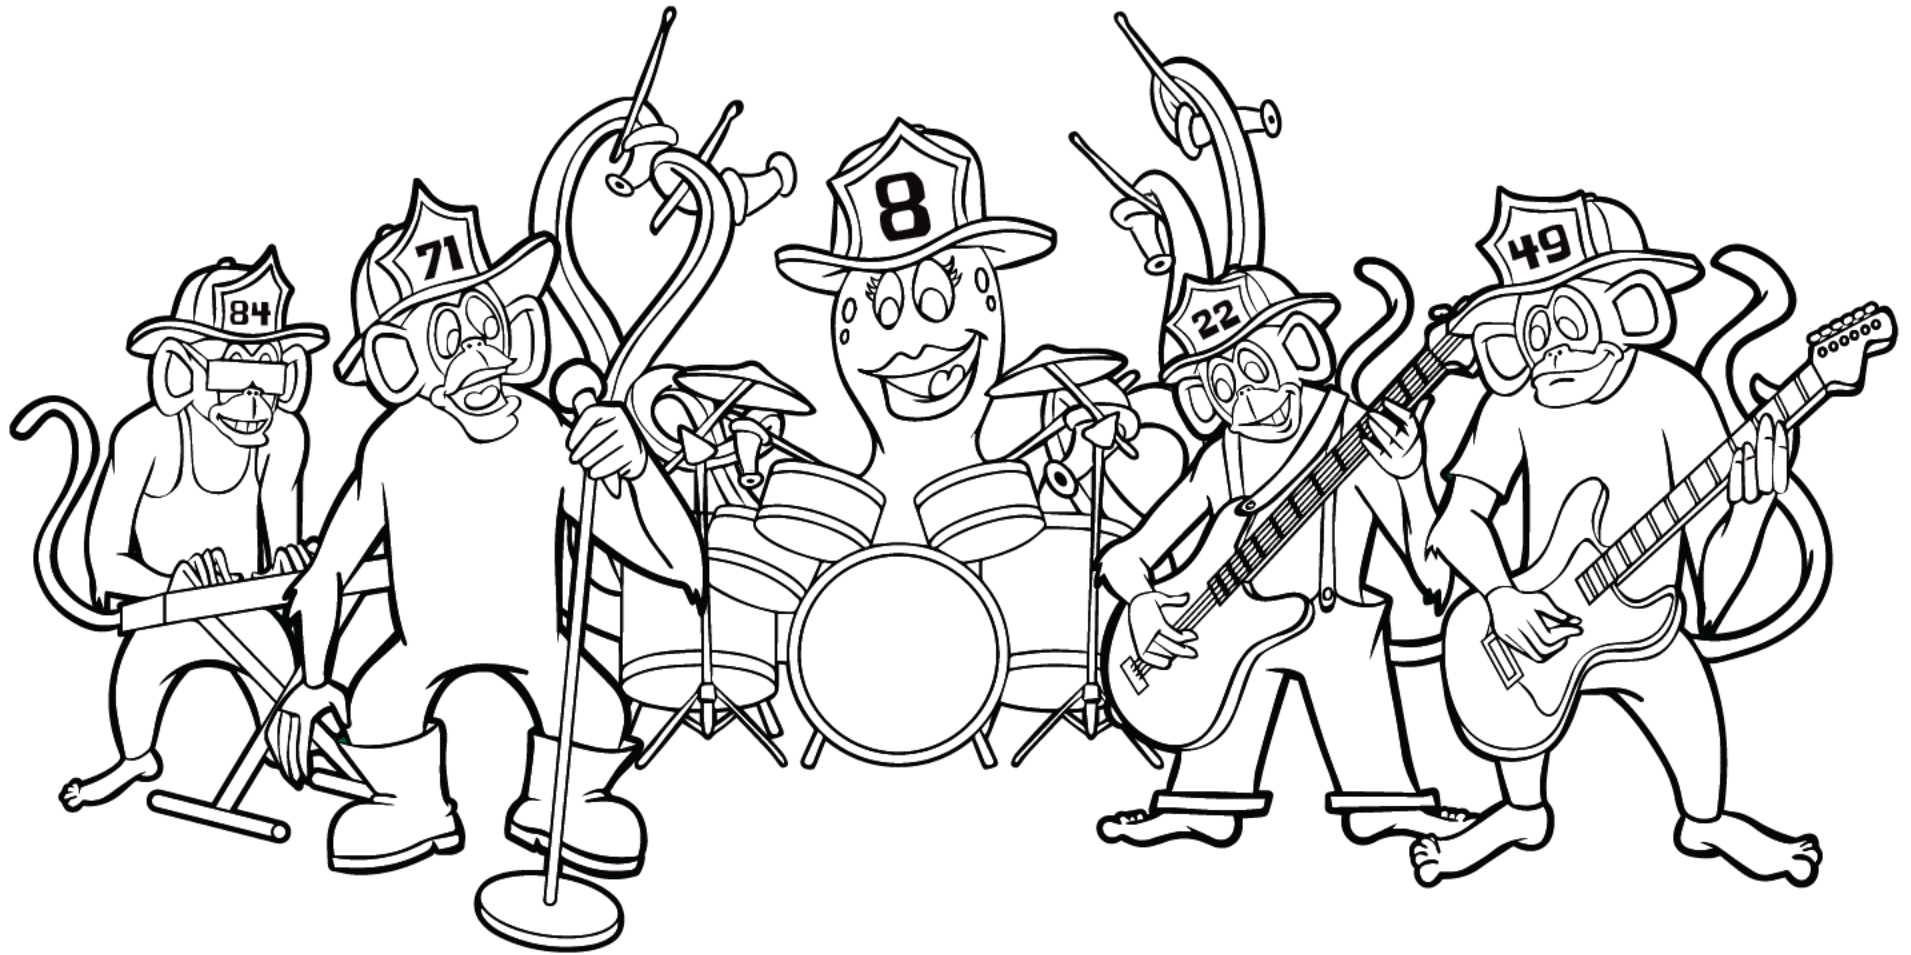

James, Carlos, and Scarlett are spending theirs playing one of our Fire Safety Print-And-Play games!

Mark and his friends are having a jam session!

**The band 'Marky Mark and the Monkey Bunch' loves playing along
to the Sesame Workshop songs.**

Listen to some of their favourites on our website!

How does Alex relax?

He likes running around outside with his friends and playing sports...

...but today he's relaxing with a video game!

**That's it! Your friends at BeFireSafe thank you
for colouring with them!**

**For more fun and games, or to become an Honorary Fire Warden,
visit us at BeFireSafe.ca!**
