

EXIT Lyrics

Well, if you're in a place that you really do not like, cause you'd rather be outside,
just playing on your bike.

Well, you don't have to hang around.
No, you don't have to sit.
Just get right up, and walk right out that good old exit.

Yes exit, is the way, way, out.
Way out. Yes it is.
I said "exit," well it's the way, way, way, way, out.

Now if there's someplace else that you would rather be, like in the park or playground
or swimming in the sea.
Now you don't have to stay there, no you can split, just get right up, and walk right
out that good old exit.

Yes exit, well it's the way, way, out.
Way out.
You've got to listen to what I'm telling you now.
I said "exit," it's the way, way, way, way, out.

Well, make no mistake about it now.
So if you're in a room where you do not want to stay, well, it's easy to get out
cause now you know the way.
You don't have to cry or scream.
No need to throw a fit.
Just get right up and walk right out that good old exit.

Yes exit, well it's the way, way, out.
Way out.

People let me tell it to ya one more time.
I said "exit," well it's the way, way, way, way, out.
Yes it's the way out. I said, "it's the way out."
Well it's the way out.
Yes it is. Have mercy.
Thank you. Thank you very much.
